

Asian Regional Bureau

AN UPDATE ON ACTIVITIES AND PROGRAMMES

February 2012 | Delhi

Rajnish D. Singh
Regional Director

The Internet Society – who we are

Founded in 1992 by Internet Pioneers as an International non-profit organisation

- 57,000+ individual members worldwide
- 130+ organisational members
- 90+ chapters
- Regional Bureaus located in:
Africa, Asia Pacific, Europe, Latin America & the Caribbean, North America
- Organisational home for Internet Engineering Task Force (IETF)

Priorities and activities at the intersection of Internet technology and policy:

- Fostering an open, innovative, and trusted Internet worldwide
- Advancing policies and strategies that strengthen the Internet's growth and evolution
- Enabling a vibrant organisation and vital global community to advance the Internet's future
- Empowering people to achieve human potential through unencumbered Internet use

- <http://www.worldipv6launch.org/>

Global focus in 2012 (con't)

Deploy360 Programme

- Real-world deployment information (e.g. IPv6, DNSSEC)
- Bridge the gap between IETF standards process and final adoption of standards by global operations community
- Creates and promotes resources for early adopters
- <http://www.internetsociety.org/deploy360/>

The screenshot shows the homepage of the Internet Society Deploy360 Programme. At the top left is the Internet Society logo, followed by the text 'Deploy360 Programme'. A search bar is located in the top right. Below the header is a navigation menu with links for Home, IPv6, DNSSEC, ION Conferences, Blog, About, Volunteer, and Feedback?. The main content area features a large blue banner for 'Internet ON' with the text 'Attend one of our Internet ON (ION) Conferences...' and a 'Read More' button. To the right of the banner is a vertical list of blue buttons for different user groups: Network Operators, Developers, Content Providers, Consumer Electronics Manufacturers, and Enterprise Customers. Below the banner is a 'Welcome!' section with a paragraph of text and a 'Contact us' link. At the bottom, there are three small images: a globe, a person's face, and a green abstract background. On the right side, there is a 'Follow Us' section with social media icons for Facebook, Twitter, YouTube, Google+, and RSS, and an 'IPv6 detector' section with the text 'Still using IPv4?'.

Coming up

Community Grants Programme

- Awards up to USD 10,000 per project
- Applications open March 1, close March 30
- Focus for current cycle:
 - IPv6, local content creation, multi-stakeholder approach to technology/policy, interconnection and traffic exchange
- <http://internetsociety.org/what-we-do/grants-and-awards/grants/community-grants>

Leadership Programmes

- eLearning
- IGF Ambassador
- IETF Fellowship
- OECD Technology Foresight Forum Fellowship
- World Bank infoDev Global Forum Fellowship
- See website for more information and application guide
- <http://internetsociety.org/what-we-do/leadership-programmes>
