

# The Internet Way of Networking in 2021

Join us to promote the cornerstones of the Internet

Rajnesh Singh

Regional Vice President, Asia-Pacific

An impact assessment – not for the environment, but for the Internet

# The Internet Way of Networking

**The Internet is incredibly successful. The question is: “why?”**

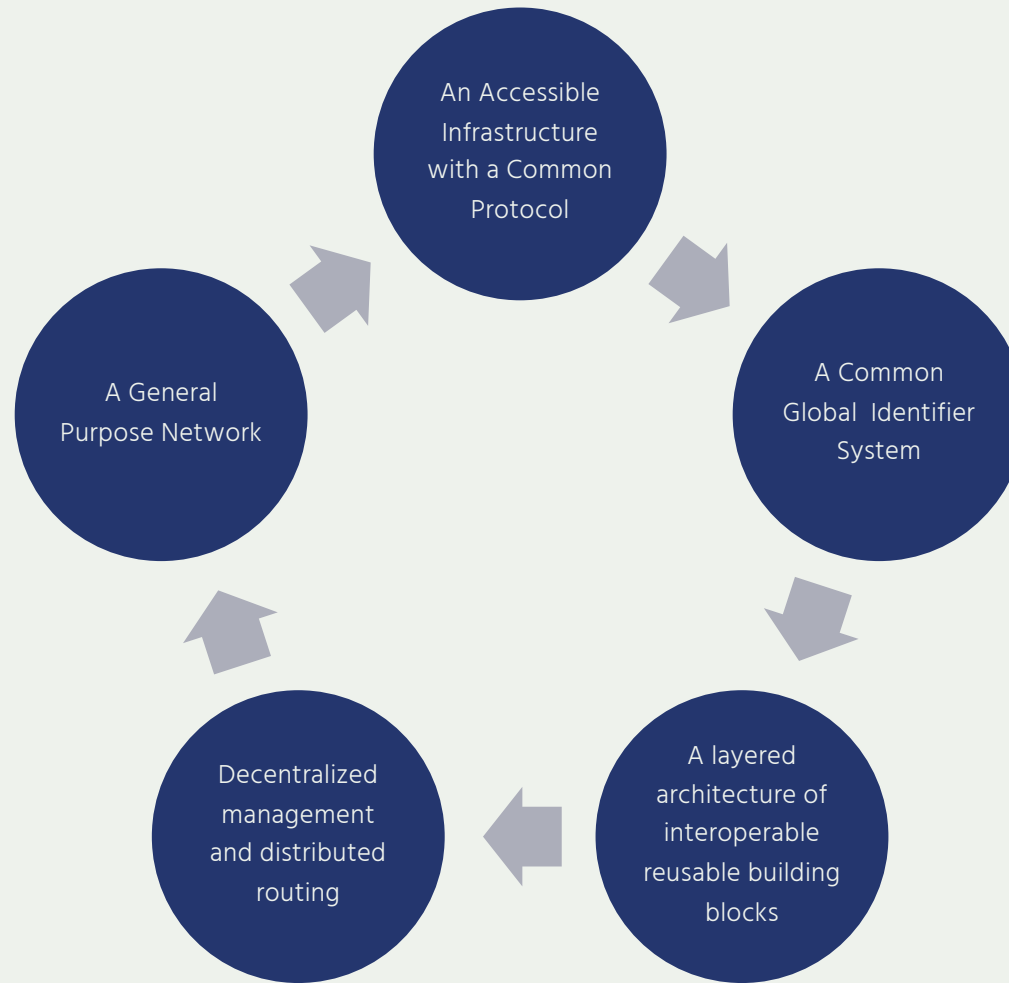

- What about the Internet made it a global success? How can we ensure its healthy evolution?

**The Internet Way of Networking – what is it and why it matters**

- The Internet owes its success not only to the technology, but to the unique way it operates and evolves. This is what we call the Internet Way of Networking (IWN).
- It is how independent networks connect to one another, interoperate and, all together, form the global Internet.
- When the IWN is under threat, so are the opportunities it offers. The Internet will not be able to fulfil its full potential.

# Five Critical Properties of the Internet

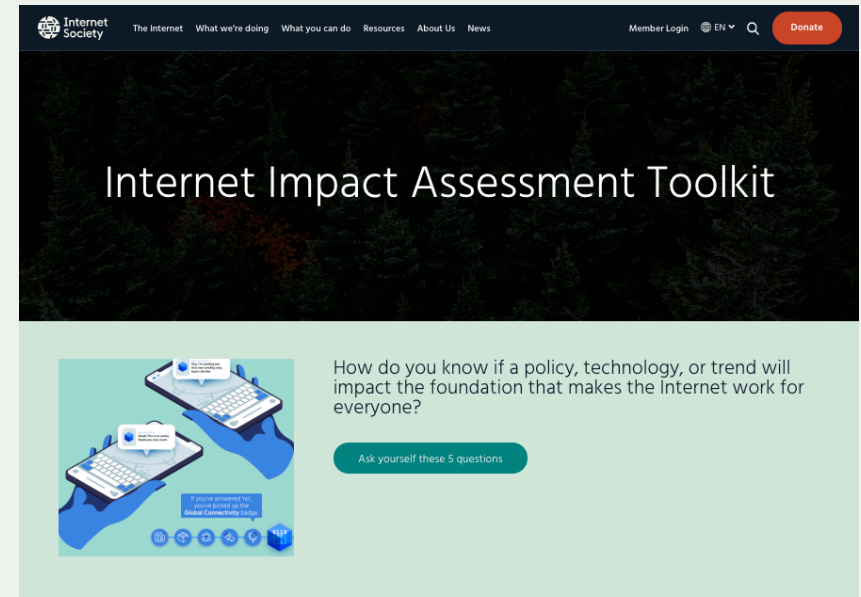

# Internet Impact Assessment Toolkit

Based on the IWN, the **Internet Impact Assessment Toolkit** helps assess how policies & trends could impact the cornerstones of the Internet.

Material available:

- [Introduction to the IIAT](#)
- [Internet Way of Networking: Defining the Critical Properties of the Internet](#)
- [Use cases available:](#)
  - Interconnection and Routing
  - Intermediary liability
  - Data localisation
  - Content filtering
- [Infographic, introductory video](#)

The Internet as an Evolving Ecosystem

## Let's work together

In 2021, we will develop, amplify, and use the toolkit with various stakeholders, including policymakers, academia, and business. We will also raise awareness of the Internet Way of Networking.

Interested in what we are doing? You could:

- Work with us on an analysis of your chosen topic
- Contribute to our research
- Sign up for an IWN training (available in Q2)
- Share the toolkit with your partners or use it in your advocacy work
- Get a deep dive on the topic by our experts

If you are interested in learning more, please email me at [singh@isoc.org](mailto:singh@isoc.org)

21-24 September 2021

## INPUT ON ANOTHER MATTER:

Physical Events

✓

Virtual Events

✓

Hybrid Events

(Virtual with physical component)

- *How are you doing events in 2021?*
- *When do you expect physical events to (re)start?*

# Thank you.
